

Capture the moment and Cut

CapCut offers easy-to-use video editing functions, in-APP fonts and effects, advanced features such as keyframe animation, smooth slow-motion, chroma key, and stabilization, to help you capture and snip moments.

Create fancy videos with other unique features: auto captions, text-to-speech, motion tracking, and background removal. Show your personality and go viral on TikTok, YouTube, Instagram, WhatsApp, and Facebook!

FEATURES

Basic video editing

- Trim and shorten clips and split or merge videos.
- Adjust video speed from 0.1x to 100x, and apply speed curves to clips.
- Animate video clips with incredible zoom in/out effects.
- Highlight the best moments with the freeze feature.
- Explore transition options with awesome effects on and between clips.

Advanced video editor

- Keyframe video animation is available for all settings.
- Edit videos to create smooth slow-motion with the optical flow feature and speed curve tool.
- Use the chroma key to remove specific colors from videos.
- Easy to arrange and preview clips on multi-track timeline.
- The stabilizing feature keeps video footage steady.

Intelligent features

- Auto captions: automate speech recognition and subtitles in videos.
- Text-to-speech: apply text-to-speech in multiple languages and voices.
- Background removal: automatically remove backgrounds.

Text & Stickers

- Add text to videos with different fonts and styles, choose unique text templates. Fonts can be imported locally.
- Subtitles can be added to the timeline of video tracks and can be moved and adjusted in one step.

Trending Effects & Filters

- Match video content with diverse filters that are updated weekly with the latest trends.
- Edit videos with hundreds of trending effects, including Glitch, Blur, 3D, etc.
- Add movie-style video filters or adjust video brightness, contrast, etc.

Music & Sound Effects

- Add millions of music clips and sound effects to videos.
- Extract audio, clips, and recordings from videos.

Easy to Share

- Custom video export resolution, HD video editor supports 4K 60fps exports and smart HDR.
- Adjust the format and share with your friends on social media platforms.

CapCut is an all-in-one video editor and video maker application with everything you need to create stunning, high-quality videos. Beginners can get started with CapCut in a matter of seconds, while advanced users can enjoy all the functions they need to edit videos.
